ISOR-PH has a unique opportunity to serve students in an online setting that requires non-traditional services that best meet the needs of each student individually.

Student Privacy

ISOR-PH's partnering districts are in compliance with Federal Laws 93: 308 and 93-568, presenting these facts for the information of parent(s) and/or guardian(s) and students.

Student records are open for review and inspection by parents/guardians or students 18 years of age or older. Students 16 years of age or older or who are emancipated have the right to give informed consent regarding their records, with some exceptions. Information regarding students 14 years of age or older with HIV/AIDS or an STD may be released by the student only.

Appointments may be made with the School Counselor, Academic Administrator or Executive Director to view cumulative records of grades, achievement of test scores.

ISOR-PH, in compliance with the Family Educational Rights and Privacy Act (FERPA) permits parents and/or guardians or students to do the following:

- a. Inspect and review the student's education records within 45 days (about 1 and a half months) of the day the school receives a request for access. Under state public disclosure law, the school must acknowledge the request in writing with five (5) working days, and unless the documents are presented at that time, an estimate will be provided as to when they will be available within the 45-day response period. Parent(s) and/or guardian(s) or eligible student should submit to the school (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Executive Director or designee will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected;
- b. Request amendment of the student's education records that the parent(s) and/or guardian(s) or eligible student believes to be inaccurate, misleading, or in violation of the student's rights to privacy. They should write to the school, clearly identify the part of the record to be amended, and specify why the information in question is inaccurate, misleading, or in violation of the student's privacy rights. If the School decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the school will notify the parent(s)/guardian(s) or eligible student of the decision and advise them of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s) and/or guardian(s) or eligible student when notified of the right to a hearing;
- c. Consent to disclosures of personally identifiable information contained in the student's education records, except if FERPA authorizes disclosure without consent. One exception,

which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special test (such as attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing their tasks. A school official has a legitimate educational interest if the official needs to review an education record to fulfill their professional responsibility;

- d. File a complaint with the U.S. Department of Education under Section 99.64 concerning alleged failures by ISOR-PH to comply with the requirements of:

Family Policy Compliance Office

U.S. Department of Education
600 Independence AVE SW
Washington, DC 20202-4605

Students of majority age (over 18) will have parental rights regarding issues related to their educational program.

Student Expectations

The “I Understand” Statements for ISOR-PH:

Teachers and staff will expect the following from every student enrolled in ISOR-PH:

- Complete assignments and log into all courses daily
- Attend all live class connect sessions
- Camera on
- Initiate or respond to emails daily
- Ask questions early (do not wait until the last minute)
- All work must be your own
- Appropriate attire must be worn at all school functions and on video during class sessions

Be responsible:

- The student’s grade is earned, not given
- The student is responsible for logging on daily
- The student is responsible for contacting teachers
- The student is responsible for their attendance
- The student is responsible for all class work
- The student is responsible for watching recordings of all missed classes
- Be respectful always
- Use appropriate language in Class Connect chat sessions (i.e., room, staff, and table chat), while using the microphone, on assignments/online educational games, and in emails
- Use Engageli tools appropriately during live class connect sessions at all times.

- Be on time
- Stay on topic in live sessions
- Use respectful and professional language in all emails, messages, and conversations with school staff.
- The student will not use online spam bots during activities involving educational websites

Promotion and Retention

The general expectation for student progress within the K-12 program is promotion to the next grade level with their same-age peers. The decision to retain a student has long-term effects that go beyond academic impact.

Research overwhelmingly supports the position that retaining students does not have an academic or social-emotional benefit. Student retention in the early/elementary grades can result in increased social adjustment challenges and frustrations with no related increase in academic achievement or growth in skills for the retained student at the middle and high school level. Although retention has sometimes been seen as a deterrent strategy to motivate a student to achieve, studies indicate early retention is “one of the most powerful predictors” for dropping out of school.

When a student demonstrates achievement and performance at levels that consistently do not meet grade-level expectations, there are a variety of intervention responses to support increasing the student’s exposure to content and practice of skills to close the achievement gap between grade-level expectations and performance.

For these reasons, any discussion of student retention will be conducted after documented grade-level achievement intervention strategies with their same-age peers. Deliberation and decisions concerning satisfactory student progress and retention will occur in partnership with appropriate school personnel, the student, and the parent/guardian.

Decisions to retain a student are made on a case-by-case basis. Concerns and/or needs regarding an individual student’s performance may be initiated as appropriate by staff, by the student and/or by the student’s parent/guardian. The retention review process will consider all dimensions of student development. The parent/guardian will first discuss concerns with the classroom teacher, who will then discuss the concerns with the principal.

Students in grades 9-12 will be promoted or retained in accordance with state and public charter school graduation requirements.

Students will be placed in the grade level or course best suited to meet their needs, based on ISOR-PH’s evaluation of the student’s transcript and/or other documentation, assessment, portfolio/work sample evidence, etc., as may be required by ISOR-PH.

If the student is unable to provide appropriate documentation, the administrator or designee will make the grade level or course determination placement based on public charter school-administered assessment(s) as deemed appropriate.

Students who successfully complete high school level coursework prior to enrollment in the 9th grade may be conferred credit by the academic administrator upon the high school enrollment date.

THE K12 ZONE

The K12 Zone is a new and innovative tool that Insight School of Oregon – Painted Hills is implementing to improve engagement, retention, and socialization among our students. It is ISOR-PH's goal to ensure that every student can communicate and collaborate in a safe and reliable environment.

Student Discipline Policy

Student expectations follow our ISOR-PH Student Handbook. The purpose of this policy is to identify specific offenses that constitute disciplinary actions within the K12 Zone, identify specific procedures for staff to respond to a reported offense, outline the Discipline Ladder for each ban from the system, as well as identify specific offenses that can result in automatic semester and full year bans.

If a student has a concern in the Zone, they can either make a request for help or file a report. Reports can be filed for a variety of reasons:

- Harassment or bullying
- Hate speech or symbols
- Sales or promotion of drugs
- Nudity or inappropriate use of camera or video
- Self-injury
- Violence or threat of violence
- Other

Once a request or report is made, an admin monitoring the Zone will click the notification link to be taken directly to the student who filed the report. After speaking with the student(s), if it is determined that it is a disciplinary issue (and not a misunderstanding or a "missclick"), admin will issue a verbal warning to the student for minor infractions.

If the issue is more serious, admin will follow these steps:

- Zone admin will tell the student and Learning Coach they are being banned immediately from the Zone.
- Zone admin will mark the student as banned and will remove the student immediately.
- Zone admin will notify the Teacher and Principal of the infraction. Team will determine how long student will be banned (typically one to two weeks for first infraction, depending on

severity).

- Zone admin will make a note in TVS to document the infraction and inform Learning Coach.
- When the ban expires, if another infraction occurs within the same school year, the student will be immediately banned again and sent a Non-compliance notice. Team may determine to ban the student indefinitely or through the end of the school year, depending on severity of infraction.

Specific Offenses

The following behaviors are specific offenses that constitute disciplinary actions within the K12 Zone.

1. Violence
2. Threat of Violence
3. Nudity
4. Display of Photo/Video that Violates Privacy
5. Self-Injury
6. Hate Speech
7. Hate Symbols
8. Harassment
9. Bullying
10. Sales or Promotion of Drugs
11. Other/Minor Offenses:
 - a. Obscene language, materials, gestures or behavior, attendance problems, defiant behavior, deceitful behavior (false accusations, forgery, plagiarism, lying, cheating, etc.), as well as any offense that a teacher or administrator deems inappropriate for this specific virtual setting.

Disciplinary Process

Any offenses will be documented in TVS and communicated; the below ban process will be followed. The suspension/ban can also be adjusted based on the severity of the offense.

Discipline Ladder:

1. First Offense – One Day Ban
2. Second Offense – One Week Ban
3. Third Offense – One Month Ban
4. Fourth Offense – One Semester Ban
5. Fifth Offense – One Academic Year Ban
6. Sixth Offense – Indefinite Ban

Thank you for supporting the ISOR-PH K12 Zone Community. Please don't hesitate to reach out with any questions.

Insight School of Oregon-Painted Hills (ISOR-PH) is a full-time online public charter school serving Oregon students in grades 7-12 and focuses on credit recovery for students who have fallen behind in high school credit or need more academic support. As part of the Oregon public school system, ISOR-PH is tuition-free, and gives parents and families the choice to access the curriculum provided by K12, Inc.

Grading Policy

We fundamentally believe that all ISOR-PH students:

- Can meet high academic standards
- Will earn a high school diploma
- Will be contributing members of society after high school

We know that ISOR-PH students:

- Have unique and varied backgrounds and lives
- Face personal challenges daily
- Learn at different rates and in diverse ways
- Desire independence and success

To support student success, we:

- Commit to FAST grading: fair, accurate, specific, and timely.
- Base final grades on learning, growth, progress, and compliance. This means we do not use extra credit / bonus points to inflate a grade, and that grades are not based on effort, attendance, or participation. Grades are based on learning, growth, progress, and proficiency.
- Provide students with opportunities to retake quizzes and tests:
 - Teachers may require students to attend a CC session and/or complete a relevant assignment before allowing a student to retake a quiz or test;
 - Teachers may elect to provide an alternative assessment that measures the same standards as the quiz/test;
 - Teachers may elect to require students to correct their errors in place of a retake;
 - Teachers may choose to require students to complete a self-analysis instead of a retake. A self-analysis requires students to indicate why their response was incorrect and to provide the correct response; and
- Provide students with opportunities to redo written assignments:
 - Teachers may require students to attend a CC session and/or complete a relevant assignment (including reading) before allowing a student to submit a rewritten assignment;
- Provide due dates on all assignments:
 - Students are encouraged to submit quality work before or on the due date to maintain pace with the course, and to receive relevant and meaningful feedback.
 - Quizzes and tests that are built into the online middle and high school (OMHS) platform are accepted through the final date of each semester on the calendar and provided by school staff and administration; and
 - Teacher-graded assignments (i.e., assignments that a student must upload through a

Dropbox) should be submitted by the due date to ensure meaningful feedback and opportunity to make revisions.

- Due to our internal processes related to grading and scheduling, the end of the term is a hard deadline. We cannot extend the term for students. All assignments must be submitted before midnight on the final date of the term. There are no exceptions. School calendars and course syllabi will communicate the deadline dates for each term.

Incomplete Tasks

Students who do not submit an assignment or demonstrate basic proficiency on an assignment will receive a minimum grade of 50% as a placeholder until the assignment is completed and resubmitted. However, students must demonstrate proficiency in key course standards to pass the class. If a student has **not** shown proficiency, they will receive an F.

Disengaged Students (9-12)

- Students are considered disengaged from a course if they have not attended class, submitted work, or communicated with the teacher for 7 school days.
- Students not attending class or turning in work will receive an 'NG' (No Grade) until they reengage in school.
- Once reengaged, students may complete missing work and earn credit if they can demonstrate course proficiency before the end of the term.

If proficiency cannot be demonstrated, the 'NG' will remain for the term, and the student will need to retake the course in a future term to earn credit towards graduation requirements

Grade Scale/Grade Point Value

The following grade scale will be used to determine letter grades for Middle School and High School:

<i>Letter Grade</i>	<i>Percentage</i>	<i>GPA Weight</i>
A	90-100	4.00
B	80-90	3.00
C	70-79	2.00
D	60-69	1.00
F	0-59	0.00
P	60-100	0.00
NG	N/A	0.00

Grade Point Average

The grade point average for ISOR-PH students is calculated as follows:

- Each student's grade point average is the sum of the point values of all the grades received for all the courses attempted divided by the sum of the credits for all courses attempted.
- The grade point value is calculated by multiplying the numerical value of the mark/grade earned by the number of credits assigned to the course.

- The minimal passing mark is 60%.

Additional weight will be given for classes designated Advanced Placement and Honors. AP courses will receive 1.0 GPA points and Honors courses with a weight of .5 GPA points.

Valedictorian and Salutatorian

Students ranking as #1 in the class will receive the distinction of Valedictorian, Students ranking #2 and #3 will receive the distinction of Salutatorian. Class rank is determined by the transcript tool in Naviance. The system bases class rank on a student's GPA and uses all courses and weights to calculate a student's GPA and rank. If there is a tie in GPA and rank, all students receiving the top 3 GPA amounts will be recognized accordingly.

Academic Integrity and Eligibility

Honoring a student as a Valedictorian or Salutatorian is a privilege earned through consistent academic excellence and integrity. Any student found to have violated standards of academic honesty including plagiarism, cheating, collusion, or misrepresentation of work will be disqualified from consideration for these honors.

Examples of academic dishonesty include, but are not limited to:

- Submitting another person's work or ideas without proper citation
- Using unauthorized assistance, including notes, technology, or other students, during assignments or assessments
- Submitting identical work for multiple courses without prior approval
- Using generative AI tools (e.g., ChatGPT) to complete or generate schoolwork without explicit permission or proper acknowledgment, in violation of course or instructor specific guidelines
- Consequences for academic dishonesty may include loss of credit for the assignment or course and ineligibility for Valedictorian or Salutatorian recognition. These distinctions are reserved for students who demonstrate both academic excellence and ethical conduct throughout their high school career.

Transfer Grades

If a student leaves ISOR-PH before the end of a semester without completing courses, the school will only provide transfer grades earned up to the time of the student's departure to the student's next school upon request. This transfer grade will be based on the amount of work passed compared to the amount of work required up to the time the student leaves.

The grades for a student who withdraws within the final 3 weeks of each semester will be final and will be recorded on the official transcript.

Add/Drop Policy (9-12)

To earn all credits for graduation, students need to take 6 classes, or 3.0 credits, per semester. Dropping a class can negatively affect progress toward graduation. Consult with your counselor.

Dropping: Student or LC may request to drop a class without penalty within 10 days of the start of the semester. Any requests to drop after 10 days (about 1 and a half weeks) will be reviewed by the administration and will result in an NG (No Grade) on the transcript.

Adding: Student or LC may request to add a class within one week of the beginning of the semester. Any requests to add after the first week of the semester will be reviewed by the administration.

Changes: Student may add/drop/change schedule within one week of beginning of semester.

Objection to Instructional Materials

ISOR-PH recognizes that honest differences of opinion may occur in classes where students are encouraged to seek understanding of facts and form opinions in conformance with them. It is probable, too, that these differences will be accentuated where free inquiry exists and if divergent views can be expressed and subject to common scrutiny.

Furthermore, if the quality of learning in the schools is to be judged on its contribution to the development of a free person solving individual problems and cooperating in seeking solutions to the problems of a community in a free society, then students must be permitted to express such differences with all the resources, which they may bring to bear. It also follows that ample resources representative of different views must be made available to students.

The teacher's role in these instances becomes that of a guide, aiding students in the process of objective inquiry and maintaining an atmosphere free from bias and prejudice. The teacher is entitled to express individual opinions on controversial topics. However, when an individual opinion or one point of view is presented, it should be identified as such. The teacher should also assume the responsibility to present the finding that the best and most current scholarship has to offer.

ISOR-PH believes that the student's freedom to express different views and to defend a position is a requisite if the student is to acquire the skills of critical thinking and analysis which will be needed by effective, productive citizens. It recognizes that such practices may bring controversial issues forward

and that, as a result, parents may become apprehensive. But the school reaffirms that it wishes to extend to all students the right of freedom of inquiry. It is not the intent to force upon any student a set of values.

If a student objects on religious or ethical grounds to reading, studying, or discussing any instructional material, the teacher will supply alternative materials without prejudice to the student

Appeal Process for Final Course Grade

Grade appeals must be requested within six (6) weeks after issuance of report cards. Students wishing to appeal a final grade in a course(s) must:

- Submit a written request for a detailed copy of the student's gradebook from the course instructor;
- Identify in writing any assignments that they would like re-evaluated;
- Explain in writing why the student believes the grade on each of the identified assignments should be revised; and
- Submit identification and explanations to the course instructor.

The instructor will respond to the student's questions in writing. If the student is not satisfied, they may request an evaluation of the identified assignments by the Administrator. The student must submit all the documentation from the process described above. The Administrator's decision will be final.

Academic Honesty

Academic honesty and personal integrity are fundamental components of a student's education and character development. ISOR-PH expects that principled students will not cheat, lie, plagiarize, or commit other acts of academic dishonesty. The wellbeing of the entire school community depends on the student accepting responsibility for personal conduct in both social and academic endeavors.

Plagiarism is not tolerated at ISOR-PH. Plagiarism includes (but is not limited to) the following:

- Using someone else's words or ideas without proper citation
- Copying someone else's work and calling it your own
- Copying and citing a work that is longer than a paragraph (print or online sources)

Cheating is work that does not reflect your own effort and understanding. This can take many forms and will not be tolerated at ISOR-PH.

Cheating includes (but is not limited to) the following:

- Looking at others' answers on tests and homework
- Taking someone else's assignment and putting your name on it

- Copying someone else's work, answer for answer
- Rearranging words from someone else's work
- Allowing someone to copy from your assignment
- Telling someone else the answers on an assignment or test
- Having someone else do your work for you (Friends, Family, Learning Coach, etc.)

There are other forms of academic dishonesty that will not be tolerated at ISOR-PH. They include:

- Making up data for an assignment
- Claiming to have handed in an assignment when the student knows they have not
- Sabotaging someone else's work

Teachers and administrators will work together to address cases of academic dishonesty.

First Offense

- The student will receive a zero on the assignment.
- The student's learning coach will be informed.
- The plagiarism policy will be explained, including the specific violation and how to avoid future mistakes.
- The student will have the opportunity to complete the original assignment or an alternative assignment that accurately assesses their knowledge and skills.
- The student can earn full credit for the resubmitted or alternative assignment.

Subsequent Offenses

- The student will receive a zero on the assignment.
- The student will be required to attend a meeting with the teacher and the school administration.
- The student will be allowed to complete the original assignment or an alternative assignment but will only be eligible to earn partial credit.

School-Based and State Assessments

The school provides many opportunities for students to be assessed for proficiency in the areas of reading, writing, and math (and other subjects). ISOR-PH requires that all students take the Readiness and Interim Assessments in the courses, the STAR360 Benchmark assessment and the Oregon Statewide Assessments known as the SBAC.

All students enrolled in grades 3-8 and 11 must participate in annual statewide assessments developed by the Oregon Department of Education.

You may opt out of state SBAC testing by reviewing and filling out the opt-out form and returning it to ISOR-PH's Testing Coordinator. Opting out applies to English and mathematics only; 5th graders are still required to complete the OAKS Science test.

*Note: Opting out **only** applies to SBAC testing. Students are required to take the STAR360 Benchmark Assessments.*

Readiness and Interim Assessment scores will be used for grouping students and evaluating student learning and progress quarterly. The Oregon Statewide Assessments are required of all students in grades 3rd through 8th and 11th grade.

Students and/or Learning Coaches must confirm testing locations in advance. Due to staffing requirements, no “walk in” testing will occur.

Testing Integrity

To maintain the integrity of school-based and state assessments, **no** assistance should be provided to students by any external parties, including Learning Coaches, guardians, or other individuals. Fair testing practices require standardized conditions to ensure all students have an equal opportunity to demonstrate their knowledge. External influence during testing can compromise the validity and reliability of assessment results, which undermines the fairness of the evaluation process.

If an assessment is suspected to have been influenced by a coach, guardian, or anyone other than the student, the assessment will be considered invalid and may be subject to review under the school’s academic integrity policy.

Work Samples

In accordance with the State Board of Education rules, ISOR-PH requires four assigned student work samples each year (one each in math, writing, speaking, and scientific inquiry). The purpose of these assigned work samples is to provide students a chance to continuously improve their communication and analysis skills, as well as additional accountability for high quality work.

Student work samples serve two different but related purposes for Oregon students:

- The first purpose is to provide an option to fulfill the annual local performance assessment requirement that ensures that students in grades 7, 8 and 11 are afforded opportunities to learn and to receive feedback regarding their progress toward meeting specific state standards throughout their years in public schools.
- The second purpose is to provide an option for students to fulfill the Essential Skills requirement for a high school diploma.

GRADUATION EXPRESS

Graduation Express (GE) is an independent study program that allows students to focus on proficiency. Enrollment in this program is based on student needs. Students may participate in this for the program if they meet one of the following

- Juniors or Seniors that are credit deficient
- Pregnant or parenting students
- Students who work full time

- Students receiving medical/mental health treatment that prevent attending live sessions
- Students who are referred to the program by the Student Success team

To stay enrolled in the program, students **must** check in regularly per the program coordinator and State of Oregon requirements. Students must also complete 3 classes every quarter and actively work in classes to remain in the program. Students who fail to check in regularly and/or fail to complete classes will be withdrawn from the program.

Withdrawal: Students may be withdrawn from the program and/or the school for failure to meet its minimum requirements. Students withdrawn from GE are enrolled in regular semester/quarter classes in their corresponding school. They will not be able to re-enter Graduation Express till the following school year. Learning coaches/Legal Guardian/Self-enrolling students may appeal the withdrawal from Graduation express within 2 weeks of removal from the program. An Administrative Action meeting will be convened to hear the appeal and decide on the student's participation in Graduation Express.

GRADUATION

Student Privacy (FERPA)

ISOR-PH's partnering districts are in compliance with Federal Laws 93: 308 and 93-568, presenting these facts for the information of parent(s) and/or guardian(s) and students.

Student records are open for review and inspection by parents/guardians or students 18 years of age or older.

Students 16 years of age or older or who are emancipated have the right to give informed consent regarding their records, with some exceptions. Information regarding students 14 years of age or older with HIV/AIDS or an STD may be released by the student only.

Appointments may be made with the School Counselor, Academic Administrator or Executive Director to view cumulative records of grades and/or achievement of test scores.

ISOR-PH, in compliance with the Family Educational Rights and Privacy Act (FERPA) permits parents and/or guardians or students to do the following:

- Inspect and review the student's education records within 45 days (about 1 and a half months) of the day the school receives a request for access. Under state public disclosure law, the school must acknowledge the request in writing within five (5) working days, and unless the documents are presented at that time, an estimate will be provided as to when they will be available within the 45-day response period. Parent(s) and/or guardian(s) or eligible student should submit to the school (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Executive Director or designee will arrange access and notify the parent/guardian or eligible student of the time and place when the records may be inspected.
- Request amendment of the student's education records that the parent(s) and/or guardian(s) or eligible student believes to be inaccurate, misleading, or in violation of the student's rights to privacy. They should write to the school, clearly identify the part of the record to be amended as well as specify why the information in question is inaccurate, misleading, or in violation of the student's rights to privacy.

If the school decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the school will notify the parent(s)/guardian(s) or eligible student of the decision and advise them of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s) and/or guardian(s) or eligible student when notified of the right to a hearing:

- Consent to disclosures of personally identifiable information (PII) contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A "school official" is:

- a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel);
- a person serving on the School Board; a person or company with whom the school has contracted to perform a special test (such as attorney, auditor, medical consultant, or therapist);

- A school official has a legitimate educational interest if the official needs to review an education record to fulfill their professional responsibility.

ISOR-PH will develop and adopt policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. ISOR-PH will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. ISOR-PH will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt their child out of participation of the specific activity or survey.

ISOR-PH will make this notification to parents at the beginning of the school year if the district has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys.

Any hardware bearing an inventory identification tag or label must be considered “on loan” to the student for the school year. School materials (such as books and software) must also be considered “on loan” to the student for the semester or the school year.

Acceptable Use Policy

In enrolling with ISOR-PH, students, and if under the age of 18, their parent(s) or guardian(s), must accept the responsibility of using the computer, printer and course materials, and the system supplied by Insight in a responsible and appropriate manner by signing an Acceptable Use Agreement through the enrollment process.

Distribution of Textbooks, Materials, and Technology

ISOR-PH will provide textbooks, software, and required materials for all academic courses required for graduation.

School insurance will not cover stolen, lost or fire-damaged equipment. ISOR-PH highly recommends adding the laptop to the parent's/guardian homeowner's/renter's insurance policy. Without insurance protection against stolen, lost or fire: damaged equipment, the student and their family are financially responsible for the replacement costs for any equipment damaged by fire, lost or stolen. All technology packages should be insured for up to \$2,000.

Return of Textbooks, Materials, and Technology

Students/families will be provided with return shipping materials/expenses or reimbursed for expenses directly associated with the return of materials and textbooks. Students/families must request package tracking and send notification of date and tracking number to ISOR-PH at help.k12.com.

ATTENDANCE

Instructional Hours

ISOR-PH will implement a school calendar which provides students with the state required instructional hours per year. All courses have been and will be audited to ensure they meet these criteria, and evidence of that audit will be recorded. Audit records are maintained by ISOR-PH.

School assemblies, student orientations, testing, parent-teacher conferences, Success Centers, and other instructionally related activities directly involving students may be included in the required instructional hours.

School closures due to emergencies will adversely impact the number of session days, though the ISOR-PH Academic Review Committee may act to address instructional requirements in these instances.

OAR Instructional Hours policy

Oregon Administrative Rules: (1) requires that each public school adopt a calendar that provides students at each grade level with the following minimum number of hours of instruction. ISOR-PH requires the following hours:

Grades 7-8	900 hours
Grades 9-11	990 hours
Grade 12	966 hours

Oregon Administrative Rules establish that school attendance is compulsory for students between the ages of six (6) and eighteen (18), unless the student has completed grade 12. ISOR-PH is one of the public-school options available to parents to fulfill this obligation. Parents/Legal Guardians should understand that ISOR-PH is a public school, not a home school alternative. As a part of the public-school system, ISOR-PH has responsibility to account for the attendance and progress of each individual student enrolled and for which ISOR-PH receives public funds.

This policy relates not only to attendance issues but also delineates the procedures by which students can be suspended, expelled and re-enrolled, as well as the appeal process. It is necessary to carefully track, and document required attendance communication contacts each week for accountability purposes as well as funding from the State Department of Education. Progress and mastery relate to promotion of the student in the curriculum. OAR 581-022-2320

ISOR-PH Attendance Goals and Expectations

1. Intervene early
2. Implement standard evidence-based interventions
3. Track success of interventions

Except in extraordinary cases, students will be expected to “attend” 100% of the annual attendance requirements, as defined above, for the student grade level. These hours may be earned as provided in the school calendar.

“Attendance” Definition

Student has daily activity in all required Engageli classes. Examples are, but not limited to:

1. Attending and participating in a live Class Connect session
2. Login to all required classes and complete assignments.

“Extraordinary Circumstances” Definition

Which may be considered acceptable for less than 100% student attendance include:

1. Extended illness of the student or
2. Other such individual circumstances that prevent the student from completing schoolwork.

If recorded and reported attendance falls below the above-defined acceptable standards, the Executive Director or designee may take initial action to suspend access to course/classroom and content for truancy (a violation of the school’s attendance regulations). As outlined below, repeated lack of required attendance may result in action by the Board regarding habitual truancy.

Compulsory Attendance Law in Oregon

“Except as provided in ORS 339.030 (Exemptions from compulsory school attendance), all children between the ages of 6 and 18 years who have not completed the 12th grade are required to regularly

attend a public full-time school during the entire school term.” ORS 339.010

“Except as provided in ORS [339.030 \(Exemptions from compulsory school attendance\)](#), every person having control of a child between the ages of 6 and 18 years who has not completed the 12th grade is required to send the child to, and maintain the child in, regular attendance at a public full-time school during the entire school term.”

A parent, guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may, under ORS 163.577 (1)(c), be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required. ISOR-PH staff will monitor and report violations of the state's compulsory attendance law. ORS 339.020

Additionally, ISOR-PH will notify the parent(s) in writing that, in accordance with law, they will need to attend a conference with the non-attending student to discuss attendance requirements. Students must log on daily, attend all live teacher-led instruction classes, and progress in their coursework.

Absence/Truancy Notification

ISOR-PH staff will notify parents/guardians each day if their child has failed to progress in their coursework via an automated phone call. If their student has failed to attend their live Class Connect sessions per their online schedule, an email warning will be sent.

Exemption From Compulsory Attendance (9-12)

ISOR-PH may grant an exemption from compulsory attendance to the parent of a student who is 16 or 17 years of age, or an emancipated minor provided the student is:

1. Employed full-time
2. Employed part-time and enrolled in school full-time
3. Enrolled in a community college

All such requests must be submitted in writing to the ISOR-PH Executive Director and include documentation of the student’s employment by the employer, or enrollment status by the school. The ISOR-PH requires notification should the student’s employment or enrollment status be terminated. Requests will be considered only following a conference with the school administration.

Approved exemptions will be in writing and include information on alternative education programs of instruction or instruction combined with counseling that may be available. Exemptions will be granted for a limited time only, must be renewed on a semi-annual basis, and will be reviewed by the school no later than the [second week] of each semester.

Legal guardians will be notified of the need to reapply for an exemption no later than the [second week] of each semester or return the student to school until a high school diploma or GED is earned or until the student reaches age 18.

Habitually Truant Students

ISOR-PH intends to work with families to ensure they are supported and successful in our model.

ISOR-PH will make all possible attempts to contact students and families of students who are not regularly attending required live class sessions. ISOR-PH will work with these students and their parents and/or guardians to provide the needed supports to increase the opportunity for these students to be successful in our online model and to avoid disciplinary action. When a student has missed one week of class attendance, families will be contacted for school interventions.

A student/family who is anticipating an absence from the school for a period of a time or is experiencing an event which could be considered an extenuating circumstance should work with the assigned teacher or the school's administration to create a plan to address progress review to complete necessary progress prior to and/or after the planned absence.

Transportation Policy

ISOR-PH does not provide transportation to or from any school sponsored events*, (Success Centers, State Testing, Face to Face events, Prom or Graduation). All such transportation for school events is the sole responsibility of the Legal Guardian or Self-Enrolling student age 18 or over.

**Exceptions apply to students who qualify for the McKinney Vento Act, Foster Care, or as a student with a disability. Please contact Kinsey Owen at kowen@onlineoregon.com if you qualify under one of these programs and need assistance.*

Emergency Medical Treatment

A student who becomes ill or is injured at school must notify their teacher or another staff member as soon as possible. In the case of serious illness or injury, the school shall try to notify legal guardians according to information provided on emergency forms and submitted by parents to the school. Parents are encouraged to update this information as often as necessary. If the student is too ill to remain in school, the student will be released to the student's legal guardians or to another person as directed on the student's emergency form.

School staff may administer emergency or minor first aid, if possible. The school will contact emergency medical personnel, if necessary, and try to notify the student's parents/legal guardians when the student has been transported for treatment.

Immunizations

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical or religious reasons, the student should not be immunized. Proof of immunization may be personal records from a licensed physician or public health clinic. Any student not in compliance with Oregon statutes and rules related to immunization may be excluded from school until such time as they have met immunization requirements. Legal Guardians will be notified of the reason for this exclusion. A hearing will be held upon request.

STUDENT ACTIVITIES

Extracurricular Activities

CVA, ISOR-PH, and ORDCA are OSAA associate members. Any students seeking to participate in extracurricular activities at their local school must contact their Resident School District Athletic Director.

Reference [the OSAA website](#) for our school listing.

School Sponsored Outings

Field trips are optional learning opportunities for students. Students are encouraged to attend, but course grades will not be negatively affected by a student's inability to participate.

Legal guardians must complete a permission form and health questionnaire for each school sponsored outing.

Dances

ISOR-PH dances may be held online or at central locations in the state and will be chaperoned by administrators and instructional staff. *Legal Guardian volunteers* must be cleared by the Oregon Department of Education before being eligible to chaperone. ISOR-PH students inviting non-ISOR-PH students must notify the Executive Director using a form provided by ISOR-PH Administration. ISOR-PH Administration may not qualify all non-ISOR-PH students to attend dances.

Dance Pass Requests

Students submitting Dance Pass Requests to attend dances at a local school must submit the form to the Registrar and allow 72 hours (about 6 days) for administrative approval.

Department Of Motor Vehicles: Statement of Enrollment

Students requesting a DMV Statement must submit their request to our Registrar by email (registrars@onlineoregon.org) or by calling (541) 823-5010, ext. 1002. Please allow up to 24 hours for the request to be processed.

Graduation Ceremonies and Exercises

ISOR-PH graduation exercises may be held at one or more locations around the State or online. To participate in the ceremony, students must meet all credit, district, and State graduation requirements. Students currently under suspension may or may not be allowed to participate. Family and friends of graduates are welcome to attend graduation.

Child Find

Child Find is a component of IDEA that requires schools to identify, locate and evaluate all students with disabilities, ages from birth to 21 who are in need of special education services. OAR 581-015-280 and CFR §300.111. ISOR-PH is committed to locating, evaluating, and identifying children with disabilities in a timely manner.

If a parent suspects their child may have a disability and would like to discuss an assessment, they should contact Korrinne Ross, Special Programs Administrator. The student's name will then be added to the school's Wellness Team list, and the team will follow up on the parent's request. A meeting will be scheduled within 10 school days to review the request. The Wellness Team will document next steps and arrange an evaluation planning meeting to decide whether to proceed with an evaluation for special education or a 504 Plan. Team members may include a special education teacher, a general education teacher, a school psychologist, a speech therapist, or another professional relevant to the suspected area of disability.

Multi-Tiered System of Support (MTSS)

The following Multitiered System of Support (MTSS) will be followed to identify students who may

need evaluation for special education services or other supports. ISOR-PH teachers, advisors, and other staff members may refer students needing Tier II supports to begin the process and comply with Child Find requirements. Consultation with the student's homeroom teacher or counselor is always a required first step prior to completing a referral. Contact our K-8 or 9-12 MTSS Coordinator for additional information and supports for your student.

Special Education

ISOR-PH, in partnership with Mitchell School District, has been assigned the responsibility to provide all required special education and related services to students who have been identified as students with disabilities under the Individuals with Disabilities Education Act (IDEA). ISOR-PH will identify if any of the listed students have an Individual Education Program (IEP) at placement, are in the process of evaluation (including a referral for an evaluation) or are receiving interventions that may lead to a referral for an evaluation. ISOR-PH will convene an IEP/placement meeting in which a representative from ISOR-PH will participate. Both the resident district and ISOR-PH will maintain records according to all applicable statutes and rules.

If a teacher or a legal guardian has a concern about a special education student that may involve changing a student's schedule or IEP, please schedule a conference. Interested parties can schedule a conference call with the Special Programs Administrator by contacting their case manager or homeroom teacher.

ISOR-PH shall be responsible for:

1. Referring students for evaluation when a disability is suspected and providing information requested by the district necessary to complete the evaluation;
2. Participation in IEP meetings, when invited;
3. Implementation of any accommodations and modifications required on an IEP;
4. Compliance with applicable statutory requirements related to education records; and
5. Execution of due process in accordance with IDEA.

ISOR-PH Special Education Teachers will:

1. Conduct special education transition processes according to federal guidelines (assessment, coordination with transition agencies, etc.)
2. Meet with students in Class Connect sessions for academic service time, focusing on IEP goals
3. Assist classroom teachers in modification/differentiation of instruction
4. Provide classroom teachers with the necessary information about each student. (Provide classroom teachers and counselors with a full IEP, password protected according to school guidelines.)
5. Encourage the use of teacher office hours for help with homework in general education courses
6. Verify that accommodations are being met in regular classroom

504 Plans

Section 504 is a part of the Rehabilitation Act of 1973 that prohibits discrimination based upon disability. Section 504 is an anti-discrimination, civil rights statute that requires the needs of students

with disabilities to be met as adequately as the needs of the non-disabled are met.

Eligibility

Students who enroll at ISOR-PH and have had a prior 504 plan will have the plan reviewed upon enrollment. The school counselor and/or 504 Coordinator will convene a meeting to address the request for 504 accommodations and write up a plan including accommodations and services if the team determines the criteria for the 504 plan continues to be met. Staff and/or legal guardian(s), may refer to any student who is not currently on a 504 plan but appears to meet the criteria of the School Counselor and/or 504 Coordinator for a 504-determination meeting.

In addition to the presence of a disability, the condition must “substantially limit” one or more major life functions. Substantial limitation necessitates a material effect on one’s ability to perform a major life activity as opposed to a minor limitation. Under the ADA, substantial limitation is defined as an inability to perform a major life activity that the average person in the general population can perform. Also, note that a student does not have a disability under the ADA simply because the student’s impairment keeps the student from reaching their potential.

The evaluation for determining Section 504 eligibility is based on the type of suspected disability, the impact of the disability in the educational environment, and the type of services or accommodations that may be needed. Sources of existing evaluation information include, but are not limited to:

1. Current psycho-educational evaluations;
2. Standardized achievement data;
3. Curriculum-based assessments;
4. Medical information;
5. Grades;
6. Attendance records;
7. Discipline records;
8. Teacher or parent observation notes.

The school will seek to determine that all information is current, accurate, and addresses all areas of the learning process, including adaptive behavior.

When the evaluation is completed, a Section 504 meeting will be convened. The 504 Coordinator and general education teacher will work with the legal guardian to determine a final plan of accommodation and/or services. If the student is 18 years of age or older, they must attend.

The 504 plan is provided for all teachers working with the student so accommodations can be made within the classroom.

Talented and Gifted

The law requires that the school identify intellectually gifted and academically talented students. For students to be considered for TAG services, they must be referred by the legal guardian or staff for review by the TAG Coordinator. The school screens each student, develops a student profile, and a

team reviews the profile to determine if the student qualifies for TAG services. The legal guardian is notified by the school of the team's decision if the student qualifies for TAG. If the student qualifies, the legal guardian provides input to the staff to develop the student's instructional plan. The following are some of the key features of the state's TAG administrative rules:

- To be identified, a student must demonstrate exceptional performance when compared to applicable developmental or learning progressions and require differentiated instructional services or programs to address their strengths and needs.
- Identification must include indicators such as test scores, classroom performance, behavior, and TAG characteristics.

English Language Learners (ELL)

All families complete a Language Use Survey upon enrollment. Using the criteria determined by the state department of education, the potential EL acquisition need is identified. The ELD teacher at ISOR-PH will assess the student using an approved ODE assessment tool.

- Students registered at the beginning of the school year will be assessed within the first 30 days (about 4 and a half weeks) of school.
- Students registering later in the year will be assessed within 14 days (about 2 weeks) of registering.
- Any student who scores below 4 on the ELPA21 Screener will be placed in the ELD program. The ELD teacher will send the parent notification letter in a language parents can understand as soon as the student is identified in the home language and in English.
- The ELD teacher will notify the school registrar and the district data manager of eligibility. The ELPA21 scores and a copy of the /legal guardian notification letter will be placed in a separate EL file within the cumulative file. This will indicate that there is an additional EL file by the ELD teacher.

General Education teachers will be notified by the EL teacher of any students who qualify for EL services and domains of concern upon entrance to the program. EL teachers will disseminate the data and provide the information to the registrar to place in the cum file.

Assessment data will be placed in the student cum file within 10 days (about 1 and a half weeks) of completion of the assessment by the student registrar.

Assessed and newly identified students, as well as students who enroll with an ELL classification, will be placed in appropriate language classes with an ELL teacher.

To allow access to materials and participation, all documents will be translated into Transact Forms as well as translation through Propio in a language the parent can understand. Any notification sent to families regarding programs will be translated and provided to the legal guardian in a language they understand. This will include teacher notifications, handbooks, and schoolwide disseminated letters.

Special Education for ELL Students

The school provides special programs for ELL students. A student or legal guardian with questions

about these programs should contact the English Language Learner coordinator. In conjunction with the school's language instruction educational program for limited English proficient and immigrant students, parents of limited English students identified for participation, or participating, in such a program will be informed of:

1. The reasons for the identification of their student as limited English proficient and in need of placement in a language instruction educational program;
2. The student's level of English proficiency, how such level was assessed and the status of the student's academic achievement;
3. The methods of instruction used in the program, in which their student is or will be participating, and the methods of instruction used in other available programs, including how such programs differ in content, instructional goals, and the use of English and a native language in instruction;
4. How the program, in which their student is or will be participating, will meet the educational strengths and needs of their students;
5. How such program will specifically help their student learn English, and meet age-appropriate academic achievement standards for grade promotion and graduation;
6. The specific exit requirements for the program, including the expected rate of transition from such program into classrooms that are not tailored for limited English proficient students, and the expected rate of graduation from secondary school for such programs;
7. In the case of a student with a disability, how such program meets the objectives of the Individualized Education Program (IEP) of the student;
8. Parental/legal guardian rights that include written guidance:
 - a. Detailing the right to have their student immediately removed from such program upon their request;
 - b. Detailing the options that parents have, to decline to enroll their student in such program or to choose another program or method of instruction, if available;
 - c. Assisting legal guardians in selecting among various programs and methods of instruction, if more than one program or method is offered by the public charter school.

Pregnant and Parenting

ISOR-PH enrolls pregnant and parenting students without discrimination per ORS 336.640. No pregnant or parenting student shall be excluded from the public schools solely because of pregnancy or parenthood. Title IX, section 106.4

Students will not be excluded from any class or extracurricular activity, on the basis of pregnancy, childbirth, false pregnancy, termination of pregnancy or recovery from such conditions, unless the student requests voluntarily to participate in a separate portion of the program or activity. Students will be granted a leave of absence for pregnancy or pregnancy related conditions for as long as it is deemed medically necessary by the student's physician. When the student returns, they will be reinstated to the status which they held when the leave began. ISOR-PH will treat pregnancy, childbirth, false pregnancy, termination of pregnancy and recovery from these conditions in the same way that other temporary disabilities are treated. Any policies or services offered to students with other temporary disabilities will be offered to pregnancy-related conditions too.

ISOR-PH may require a physician's certificate from a pregnant student stating they are physically and emotionally able to return to school, so long as such a certification is required of all students for other physical or emotional conditions requiring the attention of a physician.

The ISOR-PH Student Resource Coordinator will work with the student to determine community and schoolwide supports that are available to help the student access and support their education. For information on support of pregnant and parenting students contact Kinsey Owen at kowen@onlineoregon.org.

McKinney-Vento Act (Support for Homeless Students)

The McKinney-Vento Act ensures that students experiencing homelessness have equal access to education. This includes the right to enroll in school immediately, stay in their school of origin (if in the student's best interest), and receive transportation and other support services. If your housing situation is unstable or you are unsure whether you qualify, please contact Kinsey Owen, the Student Resource Coordinator, at kowen@onlineoregon.org.

Definitions

- "Enrollment" means attending classes and participating fully in school activities.
- "School of origin" means the school that the student attended when permanently housed, or the school where the student was last enrolled.
- "Student experiencing homelessness" means individuals who lack a fixed, regular, and adequate nighttime residence and includes:
 - Students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks or camping grounds due to lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster placement;
 - Students who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
 - Students who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations or similar settings; and
 - Migratory students who qualify as homeless because the students are living in circumstances described in a.-c.
- "Unaccompanied student" includes a student not in the physical custody of a parent or guardian.

MKV Assignment to School

The school shall, according to the student's best interest, continue the student's education in the school of origin for the duration of homelessness. In determining the best interest of the student, the school shall:

- To the extent feasible, keep a student experiencing homelessness in the school of origin, unless doing so is contrary to the wishes of the student's parent or guardian
- Provide a written explanation, including a statement regarding the right to appeal, if the district sends a student experiencing homelessness to a school other than the school of origin or a

- school requested by the parent or guardian
- In the case of an unaccompanied student, ensure that the school's liaison helps in placement or enrollment decisions, considers the views of the student, and provides notice of the right to appeal for placement and enrollment decisions

MKV Enrollment

The school shall immediately enroll the student in the school selected even if the student is unable to produce records normally required for enrollment, (apart from the digital documents and the Letter of Intent), such as academic records, medical records, proof of residency or other documentation are waived.

The school shall immediately contact the school last attended to obtain relevant academic and other records.

If the student needs to obtain immunizations, or immunization or medical records, the district shall immediately refer the parent or guardian to the school's liaison, who will help in obtaining necessary immunizations or records.

MKV Records

Any records ordinarily maintained by the district, including immunization or medical records, academic records, birth certificates, guardianship records and evaluations for special services or programs, shall be maintained so that the records are available, in a timely fashion, when a student experiencing homelessness enters a new school or school district, consistent with state and federal law.

MKV Enrollment Disputes

If a dispute arises over school selection or enrollment, the student shall be immediately admitted to the school requested, pending resolution of the dispute.

The parent or guardian of the student shall be provided with a written explanation of the school's decision regarding school selection, including the rights of the parent, guardian, or student to appeal the decision through the school's discrimination complaint procedure.

The student, parent or guardian shall be referred to the school's liaison, who shall ensure the resolution process is carried out as expeditiously as possible. In the case of an unaccompanied student, the school's liaison shall ensure the student is immediately enrolled in school pending the resolution of the dispute.

MKV Support Services

The school shall coordinate the provision of services to students experiencing homelessness with local social service agencies and other agencies or programs providing services to students experiencing homelessness and their families. Services will also be provided in cooperation with other districts on inter-district issues, such as transfer of school records, to ensure that students experiencing

homelessness have access to available education and related services.

School Liaison: Student Resource Coordinator

The ISOR-PH liaison, our Student Resource Coordinator (Kinsey Owen, kowen@onlineoregon.org) will ensure that:

1. Student experiencing homelessness is identified
2. Student experiencing homelessness enroll in and have a full and equal opportunity to succeed in district schools
3. Homeless families and students receive educational services for which they are eligible, and referrals to health-care services, dental services, mental health service and other appropriate services
4. Parents of student experiencing homelessness are informed of the educational and related opportunities available to the students and are provided with meaningful opportunities to participate in the education of their students
5. Public notice of the educational rights of student experiencing homelessness is distributed where such students receive services (e.g., schools, family shelters and soup kitchens);
6. Enrollment disputes are mediated
7. The parent of a student experiencing homelessness, or any unaccompanied student, is fully informed of all transportation services, including transportation to the school of origin, and is assisted in accessing transportation to the school selected
8. School personnel, service providers and advocates working with students experiencing homelessness and their families are informed of the liaison's duties

The school's liaison shall coordinate and collaborate with the state coordinator, community, and school personnel responsible for the provision of education and related services to students experiencing homelessness.

CONDUCT AND DISCIPLINE

Student Code of Conduct

ISOR-PH recognizes and strives to meet the individual needs of each student through programs which promote the development of self-esteem, cooperation, and vision.

This expanded view of school will result in well-educated, productive, and socially responsible citizens. We believe the school should reflect the desired expectations held by our community for our children, and that the school must provide an environment that ensures the safety and wellbeing of students.

Successful disciplinary practices have the following characteristics:

1. They are explicit, reasonable, and timely.
2. They are logical, fair, consistent, developmentally appropriate, and considerate of circumstances.
3. They include a variety of prevention and intervention measures.

4. They provide the opportunity for parent/family and student participation.
5. They respond to individual differences among students with insight and sensitivity.
6. They ensure the opportunity for students to obtain an education.
7. They increase the offender's awareness of the impact of their behavior and provide an opportunity to take full responsibility for it.
8. They build a sense of community and their capacity for resolving conflict, while maintaining a positive school culture.

For this reason, it is important that the school has clear expectations and guidelines for students. When applicable, internal interventions will be used prior to the referral process. If a warning is ignored and the behavior continues, the student will be referred to the administration.

It should be noted that there are instances where this process may be altered. Behaviors such as violence toward others, bullying harassment, intimidation, disrespect toward instructors, non-compliance, and other behaviors that a staff member deems as disruptive to an orderly learning environment may result in an automatic referral to the administration.

Students are responsible for conducting themselves properly, in accordance with the policies of the district and the lawful direction of staff. The district is responsible for affording students certain rights guaranteed under federal and state constitutions and statutes. The Student Code of Conduct is in effect at all school-sponsored events to and from school, at school, in the classroom and at on and off campus activities.

Discipline: General Guidelines

Discipline in the district is based upon a guidance-counseling philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments. The major objectives of the school discipline program are to teach the following fundamental concepts for living:

- Understanding and respect for the rights, dignity, and safety of all individuals is important.
- Understanding and respect for the law, district policies, procedures, rules, and regulations.
- Understanding of and respect for public and private property rights.

All students are expected to follow the Student Code of Conduct and all school rules. Students not following the school rules and code of conduct are subject to the following progressive disciplinary actions.

Referrals require parent/guardian notification and may result in notification to law enforcement agencies.

CUMULATIVE DISCIPLINE REFERRALS

# of Referrals	Consequence
1	Administrator conference
2	Administrator, student, and coach/guardian conference
3	The above and Executive Director and may result in suspension
4	Suspension and/or expulsion

Discipline: Appeal Process

A parent/guardian or student has a right to appeal for disciplinary action. If an appeal is desired, a letter must be received by the Executive Director within ten (10) school business days with an official request for an appeal hearing.

Use of Restraint and/or Seclusion

Except in the case of an emergency, only staff current in the required training will implement physical restraint or seclusion with a student following school board policy. In an emergency, physical restraint and or seclusion may also be used by a school administrator, teacher, or other school employees as necessary when the student's behavior imposes a reasonable threat of imminent, serious bodily harm to the student or others.

A documented debriefing meeting must be held within two (2) school days after the use of restraint and/or seclusion; staff members involved in the intervention must be included in the meeting. The debriefing team shall include the Executive Director.

Manifestation Determination

A school district cannot expel a student with disabilities for misconduct that is a manifestation of the student's disability. If the school suspends a student's access to their education for more than 10 days (about 1 and a half weeks), then the LEA must hold an IEP meeting to determine if the behavior that resulted in the suspension was a result of the student's disability. *Citations: OAR 581-015-2420 Manifestation Determination.*

The manifestation determination is a meeting held by an IEP team to decide if a student's misconduct is related to their disability. The parent has a right to be given a written notice of the IEP meeting and manifestation determination meeting. This notice must give them adequate time to plan to attend. If ISOR-PH is considering withdrawing or expelling a student, the parent must be given the date upon which the decision to withdraw/expel will occur. The legal guardian must also receive a copy of the procedural safeguards, which explain their special education rights.

The manifestation determination team will consist of a representative from the ISOR-PH, the parent, legal guardian, or student (if over 18) and members of the student's IEP team. Parents have the right to request other individuals who have educational interest in the student and understand their academic performance and behavior to attend the meeting.

The team will decide the following:

- Was the child's behavior caused by, or had a direct relationship to their disability and,;
- Was the conduct that resulted in being at risk of being withdrawn because of the school's failure to implement the IEP?

If the team determines the behavior was not a result of the student's disability, they will discuss discipline and placement options for the student. In determining placement, the team must decide if attending school online will continue to meet the student's needs or if an alternative option exists. Regardless of the outcome, the IEP team will conduct a Functional Behavioral Assessment (FBA) to determine an appropriate behavior plan for the student.

If the team determines that the behavior is a result of the student's disability or that the IEP was not being implemented then the team will review the IEP and put a plan in place for changes in the IEP or additional supports, including a behavior support plan.

The team will consider all the following information:

1. Evaluations and Eligibility
2. Observations, teacher, and parent
3. The student's IEP
4. The student's placement
5. Behavior Plans (if identified in the IEP)
6. Related Services and other supports

Parents have the right to disagree with the manifestation determination and may request an expedited due process hearing to challenge the manifestation determination or a change of placement. During the review, the student will continue to be provided access to an alternative placement that will allow the student to continue to work on their IEP goals.

Discrimination Complaint/Grievance Procedure

Complaints regarding the interpretation or application of the charter school's nondiscrimination policy shall be processed in accordance with the following procedures:

Informal Procedure

Any person who feels that they have been discriminated against should discuss the matter with the Civil Rights Coordinator (Dhee-Ghee Palmer/dpalmer@onlineoregon.org/(458)292-5899,, who shall in turn investigate the complaint and respond to the complainant within five (5) school days. If this response is not acceptable to the complainant, they may initiate formal procedures.

If the Civil Rights Coordinator is the subject of the complaint, the complaint may be filed with the

Executive Director (Carrie Quinn/cquinn@onlineoregon.org).

*Sex-based harassments under Title IX “prohibits the use of informal resolutions when an employee is accused of sex based harassment against a student” (ODE, 2024)

Formal Procedure

Step 1: A written complaint must be filed with the Civil Rights Coordinator (Dhee-Ghee Palmer/dpalmer@onlineoregon.org/(458)292-5899 within five (5) school days of receipt of the response to the informal complaint. The Civil Rights Coordinator shall further investigate, decide the merits of the complaint, and determine the action to be taken, if any, and reply, in writing, to the complainant within 10 school days.

Step 2: If the complainant is not satisfied with the decision of the Civil Rights Coordinator, a written appeal may be filed with Executive Director (Carrie [Quinn/cquinn@onlineoregon.org](mailto:cquinn@onlineoregon.org)) within five (5) school days of receipt of the director's response to Step 1. To resolve the complaint, the Executive Director shall meet with the concerned parties and their representatives at the next regular or special Board meeting. A copy of the decision shall be sent to the complainant within 10 days (about 1 and a half weeks) of this meeting.

If the complainant is not satisfied after exhausting local complaint procedures, or 90 days (about 3 months), whichever occurs first, they may appeal in writing to the ISORPH Board.

Virtual Classroom Conduct

For a virtual classroom session to be educationally effective for students, all students should abide by a standard set of rules. The following rules govern student conduct in the virtual classroom:

- Students’ written and oral communications must be free of vulgar, belittling, or offensive language. This includes the chat feature, the typing tools, the use of online educational games that require students to enter their name, and the microphone.
- Students must abide by rules established by the course instructor.
- Students must comply with usage instructions communicated orally or in writing by the instructor.

Students who violate the virtual classroom rules of conduct will be warned by the instructor to correct their behavior. If the student does not comply with the instructor’s instructions, they will be removed from the virtual classroom for the rest of the session. The second time a student is removed from a classroom, the student will receive read-only privileges in the virtual classroom for the rest of the semester or until the instructor deems it appropriate to restore writing privileges to the student. A third offense will result in a referral to the Multi-Tiered System of Supports (MTSS) team for interventionist support. At any time, the teacher may contact the learning coach on file to report the issue or issues taking place with the student.

School Event Conduct

ISOR-PH students are encouraged to participate in School events. Students must abide by the Student Code of Conduct when attending these events. Students/families are responsible for transportation to/from the event. Students under the age of 18 must not be the driver if any non-related students are in the vehicle. Liability waivers are required for all school events. Students and legal guardians who do not provide the required waivers prior to an event will not be permitted to attend or participate.

Use of Language, Images and Personal Respect

In accordance to Every Students Belong OAR 581-022-2312 , all ISOPRH community members must not use vulgar, obscene, abusive, or demeaning language, writing, pictures, signs, or acts in written or oral communications, including email, discussion board, listserv, virtual classroom, student websites, or photographs. Students are prohibited from posting content from, or links to, suggestive, lewd, or otherwise inappropriate websites. Language, comments, or images that show a lack of respect for individuals or groups will lead directly to disciplinary action.

Examples of inappropriate behavior include, but are not limited to:

- Insults or attacks of any kind against another person
- Use of obscene, degrading, or profane language
- Harassment (continually posting unwelcome messages to another person) or use of threads.
- Posting material that is obscene or defamatory, or which is intended to annoy, harass, or intimidate another person. This includes distributing 'spam' mail, chain email, viruses, or other intentionally destructive content.

All ISORPH community members must wear appropriate attire during school activities, whether in-person or online. This policy complies with Civil Rights law, the [CROWN Act](#), [Every Student Belongs OAR 581-022-2312](#) , [House Bill 2052](#).

Basic Principles

- All students will be treated equitably, regardless of gender, gender identity, sexual orientation, race, ethnicity, nationality, socio-economic status, religion, cultural observance, personal style, body size/type, or body maturity.
- The dress code supports a body-positive environment where students can dress comfortably without fear of body shaming or unnecessary discipline.
- Students should not feel responsible for distracting others with their attire.
- Dress code enforcement will not create barriers to school attendance.
- The school does not prohibit "Protective hair styles" (hair color, braids, extensions, adornments, locs, and braids)" (ODE, 2021) including sacred head coverings.

Required Attire

- Bottoms, Tops, Footwear: Clothing must cover all undergarments and the areas they normally cover. Undergarments may not be visible, but visible waistbands or straps are acceptable. Clothing must not be see-through.
- Attire must not create a health or safety hazard.
- Specific courses or extracurricular activities may require specialized attire for safety or curriculum purposes.

Prohibited Attire

Students may not wear clothing or accessories that:

- Promote alcohol, drugs, tobacco, or other illegal activity.
- Contain violence, profanity, pornography, or explicit/intimidating imagery. Showing or communicating “Symbol/s of Hate” such as “images or prints on the basis of race, color, religion, gender identity, sexual orientation, disability or nation origin [such as] noose, swastika, or confederate flag” (ODE, 2021).
- Include undergarments or swimwear worn as outerwear.
- Obscure the face, except for religious observance or health/safety reasons.

Defiance

Students should follow the requests of ISOR-PH staff. Failure to do so will be deemed defiance toward School personnel or rules. Defiance is defined as defying instructions of School personnel, the bold resistance of School authority, and/or contemptuous behavior or attitude that is manifested by breaking School rules. Acts of defiance may result in disciplinary action.

Weapons

Weapons are not allowed on school property or at school-sponsored events. Following state law, administration reserves the right to discipline a student through a behavior plan, suspension, and/or expulsion.

Learning Coach and Legal Guardian Code of Conduct

ISOR-PH strives to promote a collaborative, respectful, and supportive learning environment for all. This Code serves to guide coaches/legal guardian behavior while interacting with ISOR-PH staff, students, or participating in any school-related activities, whether virtual or in person.

General Principles

We expect all coaches and guardians to commit to the following core values:

- ISOR-PH staff and families work together to provide a safe, inclusive, and effective virtual learning environment for all students.
- A strong partnership between families and school staff supports student success.
- All communication within the ISOR-PH community (i.e., between coaches/guardians, students, staff) remains respectful and constructive.
- Families raise concerns through appropriate channels so they can be addressed fairly and effectively.

Note: Staff may not be immediately available to respond in real time. The best way to ensure a conversation with school personnel is to schedule an appointment. ISOR-PH staff aim to respond to emails, phone calls, and messages within 24 hours during business days.

Prohibited Behaviors

To maintain a productive and safe online and offline school community, the following behaviors are prohibited:

- Abusive, threatening, profane, or harassing communication (including written, verbal, and digital formats).
- Disruptive behavior that interferes with the learning environment, virtual class sessions, meetings, or staff duties.
- Threatening physical harm to any ISOR-PH employee, student, or community member.
- Threatening or engaging in the destruction of property belonging to ISOR-PH or members of the school community.
- Approaching other students (online or in person) to correct or discipline them, including comments in shared digital spaces such as chat boxes or group messages.
- Physical or verbal aggression directed at children or adults during any school-affiliated in-person event.
- Posting defamatory, offensive, or misleading content about ISOR-PH students, staff, or programs on social media or digital platforms.

Social Media and Digital Conduct

ISOR-PH recognizes that social media is a powerful communication tool but expects coaches/guardians to use these platforms responsibly. Sharing false, confidential, or defamatory information about students, families, or staff members online is not aligned with our community values.

Concerns should be directed to school leadership or appropriate administrators to ensure issues are

handled respectfully and effectively. Publicly airing grievances may harm individuals and the broader school culture.

Consequences

ISOR-PH takes violations of this Code seriously. Depending on the severity of the behavior:

- Coaches/guardians may receive a written or verbal warning.
- Access to school events, meetings, or digital platforms may be restricted.
- In more serious cases, individuals may be formally banned from participation in school-affiliated activities under criminal trespass or harassment laws.

Note: No restriction will interfere with a coach/guardian's right to participate in their child's education, including IEP meetings or other mandated support services.

Commitment to Civility

At ISOR-PH, all community members (i.e., coaches/guardians, students, and staff) are expected to engage with each other in a spirit of respect, empathy, and cooperation. Just as we hold families to these standards, we are equally committed to holding our staff accountable to them.

If at any time a coach or guardian believes they have been treated unfairly or disrespectfully by a staff member, they are encouraged to contact ISOR-PH administration so the concern can be addressed appropriately.

Title IX Sexual Harassment

The public charter school is committed to eliminating sexual harassment. Sexual harassment will not be tolerated in the public charter school. All students, staff members and other people are entitled to learn and work in an environment that is free of harassment. All staff members, students and third parties are subject to this policy. Any person may report sexual harassment.

The public charter school handles complaints or reports of sexual harassment in accordance with Oregon law (ORS 342.700 et seq.) and federal Title IX regulations (34 C.F.R. Part 106.45). Some complaints may need to follow both state and federal procedures and may also involve other applicable complaint processes.

General Procedures

When information, a report or complaint regarding sexual harassment is received by the public charter school, the public charter school will review such information, report, or complaint to determine which law applies and will follow the appropriate procedures. When the alleged conduct could meet both definitions in ORS Chapter 342 and Title IX, both complaint procedures should be processed simultaneously (see GBN/JBA-AR(1) : Sexual Harassment Complaint Procedure and JBA/GBN-AR (2): Federal Law (Title IX) Sexual Harassment Complaint Procedure). The public charter school may also need to use other complaint procedures when the alleged conduct could meet the definitions for other complaint procedures.

Title IX Sexual Harassment Complaint Procedure

Reports and complaints of sexual harassment should be made to the following individual(s):

Name	Position	Phone	Email
Dhee-Ghee Palmer	Civil Rights Coordinator	458-292-5899	dpalmer@onlineoregon.org

The public charter school official who receives the complaint must provide the written notice as required by the procedures outlined in Board Policy JBA/GBN-AR(2) – Sexual Harassment, in accordance with Oregon guidelines.

Step 1 The public charter school official receiving the report or complaint shall promptly initiate an investigation using procedures and standards, including but not limited to, those identified in Board policy JBA/GBN-AR (2): Sexual Harassment and will notify the complainant or reporting person, any impacted person who is not a reporting person (if appropriate), each reported person, and where applicable the parents of a reporting person, impacted person, or reported person, when such investigation is initiated. The official will arrange such meetings as may be necessary to discuss the issue with all concerned parties within [five] working days after receipt of the report or complaint. The parties will have an opportunity to submit evidence and a list of witnesses. All findings of the investigation shall be reduced to writing. The official conducting the investigation shall notify the parties in writing that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law within 30 days (about 4 and a half weeks) of receipt of the report or complaint.

A copy of the required written notice(s) and the date and details of notification of the notice of investigation and results of the investigation, together with any other documentation related to the sexual harassment incident, including disciplinary action taken or recommended, shall be forwarded to the administrator.

Step 2 If a complainant is not satisfied with the decision at Step 1, the complainant may submit a written appeal to the public charter school Board. An appeal of this nature must be filed within 10 working days after receipt of the Step 2 decision. The Board will review the decision of the administrator in a public meeting to determine what action is appropriate. The Board may use executive session if the subject matter qualifies under Oregon law. Appropriate action may include holding a hearing, requesting additional information, and adopting the administrator's decision. All parties involved, including the school administration, may be asked to attend a hearing to make further explanations and clarify the issues. The Board shall provide a written decision to the complainant within 30 working days following receipt of the appeal.

If the Board chooses not to hear the complaint, the administrator's decision in Step 1 is final.

The administrator is authorized to amend these procedures (including timelines) when the administrator feels it is necessary for the efficient handling of the complaint. Notice of any amendments will be promptly provided to the parties.

Complaints against the administrator or a Board member (other than the Board chair) may start at step 2 and should be referred to the Board chair on behalf of the Board. The Board chair will require the notices to be provided. The Board chair shall present the complaint to the Board. The Board may use executive session if the subject matter qualifies under Oregon law. If the Board decides an investigation is warranted, the Board may refer the investigation to a third party. When the investigation is complete, the results will be presented to the Board. After receiving the results of the investigation, the Board shall decide, within 20 days (about 3 weeks), in open session what action, if any, is warranted. The Board chair shall notify the parties in writing that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law.

Complaints against the Board chair may start at Step 2 and should be referred to the Board vice chair on behalf of the Board. The Board vice chair will cause required notices to be provided. The Board vice chair shall present the complaint to the Board. The Board may use executive session if the subject matter qualifies under Oregon law. If the Board decides an investigation is warranted, the Board may refer the investigation to a third party. When the investigation is complete, the results will be presented to the Board. After receiving the results of the investigation, the Board shall decide, within 20 days (about 3 weeks), in open session, what action, if any, is warranted. The Board vice chair shall notify the parties in writing that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law.

Direct complaints related to employment may be filed with the U.S. Department of Labor, Equal Employment Opportunity Commission or Oregon Bureau of Labor and Industries.

Direct complaints related to educational programs and services may be made to the Regional Civil Rights Director, U.S. Department of Education, Office for Civil Rights, Region X, 915 Second Ave., Room 3310, Seattle, WA 98174-1099.

Harassment, Intimidation, and Bullying

No one should be subjected to harassment at school for any reason. Therefore, it is the policy of ISOR-PH that all students will deal with all people in ways which convey respect and dignity. Harassment in the form of name-calling, taunting, gestures, intimidation, conduct, jokes, pictures, slurs, or ridicules is prohibited. Such conduct referencing or directed at an individual or group that demeans that person/group based on race, ethnicity, religion, gender, sexual orientation, creed, age, disability, or other extraneous factors is prohibited and shall be grounds for disciplinary action.

ISOR-PH does not tolerate intimidation, harassment, bullying and/or fighting. Intimidation, harassment, bullying, fighting and racial and/or sexual harassment are violent acts against others. These behaviors will not be tolerated, and the natural consequence is to be barred from interactions with others.

A phone call and/or warning letter will be sent home for the first harassment, bullying, or intimidation offense. Subsequent offenses will lead to suspension in accordance with the school discipline policy.

ISOR-PH will promptly and thoroughly investigate reports of harassment and bullying, whether of physical or nonphysical form. ISOR-PH will act appropriately within the district's discipline codes and take reasonable action to end bullying and/or harassment.

user access.

Academic Freedom/Student Rights

In addition to other rights established by law, each student served by or on behalf of a common school district shall possess the following substantive rights, and no school district shall limit these rights except for good and sufficient cause:

- All students possess the constitutional right to freedom of speech and press, the constitutional right to peaceably assemble (see Freedom of Assembly) and to petition the government and its representatives for a redress of grievances, the constitutional right to the free exercise of religion and to have their schools free from sectarian control or influence, subject to reasonable limitations upon the time, place, and manner of exercising such right.

Technology Usage

ISOR-PH has done due diligence to protect students' personal information and to guard against cyber predators by installing anti-virus software and security settings on each student's computer. Students are responsible for installing updates and patches for anti-virus software. Students must not change the security settings of the computer.

Students sign an Acceptable Use Agreement governing their use of the on-loan hardware, the internet and e-mail through the enrollment process. Students who breach the terms and conditions of the Acceptable Use Agreement must return the computer and equipment to ISOR-PH. Students/families who do not comply with the return request will be liable for the cost of the computer and printer.

- Families must submit statements by the deadline set forth in the school’s communication for claiming the internet stipend.

Stipends are provided for the following months:

Semester 1	Semester 2
September	February

Email

Students utilize email for academic purposes within ISOR-PH. Monitoring the contents of e mails sent and received is not an unreasonable search. Email is the preferred method of communication and can be viewed at any time in the student’s account.

Students must check their email every school day and reply to each email by the end of the next school day unless teachers specify a response is not necessary. Students MUST reply to their homeroom teachers’ emails within 24 hours.

Reporting of Suspected Abuse of a Child

Any public charter school employee who has reasonable cause or reasonable suspicion to believe that any child with whom the employee has come in contact has suffered abuse or neglect, as defined in state law, by any adult or by a student with whom they is in contact has abused a child, will immediately notify the Oregon Department of Human Services, Community Human Services or the local law enforcement agency. The school employee shall also immediately inform their supervisor or public charter Executive Director.

Public charter school staff shall receive training each school year in the prevention and identification of child abuse and on the obligations of school employees under ORS 419B.005 and as directed by public charter school board policy to report suspected abuse of a child. In addition, annual training for parents and legal guardians of students attending public charter schools shall be provided on the prevention, identification of child abuse and school employees' obligation to report suspected child abuse.

Recognizing the Different Types of Child Abuse

Emotional abuse can severely damage a child's mental health or social development. Examples of emotional child abuse include:

- Constant belittling, shaming, and humiliating a child
- Calling names and making negative comparisons to others
- Telling a child they are "no good," "worthless," "bad," or "a mistake"
- Frequent yelling, threatening, or bullying
- Ignoring or rejecting a child as punishment, giving them the silent treatment
- Limited physical contact with the child-no hugs, or other signs of affection
- Exposing the child to violence or the abuse of others, whether it be the abuse of a parent, a sibling, or even a pet

Physical abuse involves physical harm or injury to the child. It may be the result of a deliberate attempt to hurt the child, but not always. It can also result from severe discipline, such as using a belt on a child, or physical punishment that is inappropriate to the child's age or physical condition.

Sexual abuse is an especially complicated form of abuse because of its layers of guilt and shame. It is important to recognize that sexual abuse does not always involve body contact. Exposing a child to sexual situations or material is sexually abusive, whether touching is involved or not. Sexual abuse usually occurs at the hands of someone the child knows and should be able to trust, most often close relatives.

Neglect is a pattern of failing to provide for a child's basic needs, whether it be adequate food, clothing, hygiene, or supervision. Child neglect is not always easy to identify. Sometimes, a parent might become physically or mentally unable to care for a child, such as with a severe injury, untreated depression, or anxiety. Other times, alcohol, or drug abuse may seriously impair judgment and the ability to keep a child safe.

*Note: If staff observe a situation in which a child appears to be home alone or unsupervised, they are required to report it as a potential case of neglect. Under Oregon law (ORS 163.545), a person with custody or control of a child **under 10 years of age** may be committing child neglect in the second degree if the child is left unattended in a manner that is likely to endanger their health or welfare due to criminal negligence.*

Warning signs of emotional abuse in children:

- Excessively withdrawn, fearful, or anxious about doing something wrong
- Shows extremes in behavior
- Does not seem to be attached to the parent or caregiver
- Acts either inappropriately adult or inappropriately infantile

Warning signs of physical abuse in children:

- Frequent injuries or unexplained bruises, welts, or cuts

- Is always watchful and "on alert," as if waiting for something bad to happen
- Injuries have a pattern such as marks from a hand or belt
- Shies away from touch, flinches at sudden movements, or seems afraid to go home
- Wears inappropriate clothing to cover up injuries, such as long-sleeved shirts on hot days

Warning signs of sexual abuse in children:

- Trouble walking or sitting
- Displays knowledge or interest in sexual acts inappropriate to their age, or even seductive behavior
- Makes strong efforts to avoid a specific person, without an obvious reason
- Does not want to change clothes in front of others or participate in physical activities
- An STD or pregnancy, especially under the age of 14
- Runs away from home

Warning signs of neglect in children

- Clothes are ill-fitting, filthy, or inappropriate for the weather
- Hygiene is consistently bad (unbathed, matted, and unwashed hair, noticeable body odor)
- Untreated illnesses and physical injuries
- Is frequently unsupervised or left alone or allowed to play in unsafe situations and environments
- Is frequently late or missing from school

Crisis Plan

[Crisis Intervention Manual SY25-26](#)

Human Sexuality, HIV/AIDS and Sexually Transmitted Disease Instruction

An age-appropriate plan of instruction about Human Sexuality, AIDS, HIV and Sexually Transmitted Diseases has been included as an integral part of the public charter school's health curriculum. Any parent may request that their student be excused from that portion of the instructional program required by Oregon law by contacting the administrator for additional information and procedures.
